

St. Peter the Apostle Orthodox Church

Dear Members and Friends of St Peter's,

February 2022

God has Blessed us beyond measure in our new home.

Without a place to meet, there would be no Divine Liturgy, no Eucharist, no place for anointing when we are sick, no place where those who are seeking Christ can call home, no place to meet dear friends every week, no place for baptisms and weddings, no place where the children can grow up with their Church friends, and much more.

All this occurs because we support the Church. And when we support the Church, our Lord and Savior Jesus Christ works among us in ways that would otherwise be impossible. "We love Him because He first loved us," St. John tells us in Scripture (1 John 4:19). This is why we have flourished.

The flourishing is exciting, challenging and demanding and maybe even a little frustrating that things are not happening fast enough. It requires us to meet new and developing needs. We have future plans—a woman's group, a men's group, youth programs, young parent fellowship programs, senior fellowship like the luncheons and Kafeniou and more. Now we need the people and the resources to help us build them out. Please consider getting involved in these or other programs you hold near and dear to your heart.

We thank you for your recent Capital Campaign contributions. However, please prayerfully consider your Regular Annual Stewardship Pledge to St Peter's for 2022. Your Pledge will help us adequately plan to meet our monthly expenses. Increase it if you can. Your increase will add increase to your own life as well as the parish. May God Bless you and your family in 2022.

Yours in Christ,

Father Hans Jacobse
